Dear Harold,

Just a quick note to say many thanks again for your time and invaluable assistance last week. Paul and I also enjoyed ourselves tremendously. Your's and Lil's hospitality was much appreciated.

I've spoken to Jim L this morning and he assures me that the next time I'm in his office he can point me toward the file with the Epstein documents. Meanwhile I'm putting together the information I gathered from my visit into the O'leary, Bishop, Leaks, etc. stories.

I imagine I might well be bothering you again soon. Until then we send our best wishes to you both and hopes that Lil's mother recovers soon.

Yours
Kathy
